REACTION STOCKS

UPWARD TENDENCY TEMPORARILY CHECKED BY PROFESSIONALS.

Dealings Fall Off, and Vanderbild Shares Alone Remained Firm-Local Business Has a Setback.

At New York yesterday money on call was easy at 11/62 per cent.

Prime mercantile paper, 364 per cent. Sterling exchange was easier, with actual busines in bankers' bills at \$3.87 for demand and \$3.854@3.851/2 for sixty days; posted rates, \$4.86\\(\) and \$4.88\(\)4.88\\(\)4.88\(mercial bills, \$4.84%.

Silver certificates, 621/4@62%c; bar silver, 62½c; Mexican dollars, 48c. At London bar silver closed at 289-16d per ounce. The silver market is dull, but slightly firmer. The buying abroad continues very limited and the situation is considered problematic until the action of the Japanese House of Lords on the bill for adopting the gold standard is determined. It is felt here in New York that the future of the market depends on American offerings, which is the view attributed to the London Westminster Gazette, according to the cabled report, America being a producer of silver, is

bound to be a seller in any event. Total sales of stocks were 200,101 shares. including the following: American Tobacco, 13.500; American Sugar, 30,700; Burlington & Quincy, 15,600; Canada Southern, 6,000; Chicago Gas, trust receipts, 5,300; Cleveland, Cincinnati, Chicago & St. Louis, 11,300; Chesapeake & Ohio, 3,800; General Electric, 13,000; Manhattan Consolidated, 3,400; Missouri Pacific, 16,200; New York Central, 8,-900; Northwest, 8,200; Omaha, 19,600; St.

Paul, 5,600; Western Union, 3,400; New Jersey Central, 4,400; silver certificates, \$3,000. The reactionary element on the Stock Exchange was able to check in part the upward tendency of prices yesterday and the net result of the day's trading was a general loss of a fraction, most of the Vanderbilt shares being the only exceptions. It is a fact worthy of special notice that the olume of the crading in this reactionary market fell off quite largely from that of Tuesday, the total sales of the day humbering 1/2,700 shares, as against 238,000 the day before. A large amount of the dealings were in those stocks which held firm. The falling of on the downward course of prices was notable, as it has been for some time past. There is food for thought in this, for those who lament the decline of isiness on the Stock Exchange and who express the fear that tucket shops have taken away the business of the exchange. Plans have been suggested for the suppression of the publication of Stock Exchange quotations as a cure for this decline of business. But the appreciation of ralues of securities dealt in on the exchange seems. from the lesson of events, to promise a surer remedy for decrease of business. Various factors came to the aid of one bears in the market. The marked depression on the London and continental exchange gave its tone to the opening here and concinued to influence the market to a greater or less degree all day. It was estimated that the London contingent sold about 15,000 shares on this exchange and the effect of this selling was noticeable in most of the international stocks, especially in St. Paul and Louisville, & Nashville. The influence of 45c; lard oils, winter strained, in bris, 50c per foreign depression seemed to have been overcome soon after the opening, and the strong buying movement in the Vanderbilt

stocks, which has been a feature for several days past, was again in evidence. Strong support also developed for Missouri Pacific and Wabash, which were the centers of the bear attack yesterday. Weakness developed, however, in Tobacco on uneasiness in regard to the coming action of the directors on the dividend, and the stock was forced down 2%, to 76. Manhattan also lost 1/2 per cent, and New Jersey Central and Reading % each on the depressed condition of the anthracite coal trade. About mid-day support was again shown for the mar-ket, the buying of the Vanderbilts being the concern of the Lordina Star, 7c; Great Falls E, 6c; Great the buying of the Vanderbilts being again strongly manifest. Omaha rose 314 to ! 65. New York, Chicago & Northwest firsts preferred, 2 and Chicago & Northwest second preferred, 11/4; Canada Southern, 15/4; Cocheco madders, 41/2c; Hamilton fancy, 5c; Cocheco madders, 41/2c; Hamilton fancy, 5c; preferred, 2 and Chicago & Northwest second preferred, 11/8; Canada Southern, 15/4; Lake Shore, 78, and New York Central, 3/4. Tobacco also recovered 14. Consolidated Gas 116, and the grangers and Southwesterns a fraction. The bituminous coal roads were heavy. Hocking Valley lost 1 per cent. The upward tendency of the market was checked by profit taking, Sugar, Omaha and Missouri Pacific being the greatest sufferers. Tennessee Coal and Iron also receded 1 per cent. A heavy liquidation in Standard Rope added to the depression, the common stock showing a slump of 3, to 64, the 6 per cent. bonds of 6, to 65, and the income bonds 814, to 16. The sixes railled 134 and the stock 34 at the close. Sugar moved to a degree independently of the general market, without infinencing it. The stock showed a net gain of 2 per cent, on the day, while the general list outside of most of the Vanderbilts

Chicago Gas advanced 1 per cent, at the closing, and a firmer one became evident in the general list. The bond market was moderately active and fairly steady throughout. The dealings lacked feature, aside from the sensational declines in the Standard Rope Laues, the sales being \$1,354,600.

showed an average decline of a fraction.

Government bonds ruled, firm on purchases of \$10,000. The following table, prepared by L. W. Louis,

LOCAL GRAIN AND PRODUCE.

Heavy Rain Checked Trade, and No Important Changes in Values. An all-day rain served to curtail trade more or less in all departments yesterday, and there were no changes in values worthy of special note. Poultry is firm at the advance of Tuesday. Eggs rule steadier, and with the better demand stocks are not accumulating. Cabbages, onions, celery, oranges and lemons are all firm at quotations. Prices on both Irish and sweet potatoes were weak. Sugars rule firm at the advance yesterday. Paints and oils are in active request. Both the hide and leather markets carry a firmer tone, but are not quotably changed. Higher prices for leather are looked for. Hay and flour markets are more active and prices, while not quotably higher, are firmer than for some time past. The local grain market was without special feature. Receipts are larger than last week, but the rains will likely cut them down again. Track bids yesterday ruled as follows: Wheat-No. 2 red, 81c; No. 3 red, 77@79c; No. Wheat—No. 2 red, 81c; No. 3 red, 77@79c; No. 4 red, 72@76c; wagon wheat, 80c.

State Colleges and Politics.

makes a most reasonable prediction. Latween the university lobby and the taxpayers (of which the lobby does not seem to care) some facts of history must be pertinent. A little incident in 1843 changed Indiana from the Whig party to Democracy. Governor Bigger gave a reception to the four presidents, Dr. Wylie, of the State University; Dr. White, of Crawfordsville: Dr. Crowe, of Hanover, and Dr. Simpson, of Indiana Asbury University. These four presidents were at Indianapolis during the session of the Legislature trying to develop an interest in higher education (we had no common school system then), and legislators engaged in so noble an undertaking Governor Bigger had a reception at his house. As the host he took position in the parior, the four presidents beside him, and introduced them to the members of the Legislature. In doing so it was "Dr. Wylie, Dr. White, Dr. Crowe, Mr. Simp-This purposed slight was noticed. The Democratic convention met on Jan. 8 James Whitcomb, a Methodist, was nominated by the Democrats, then, as ever, taking advantage or everything to favor cause, and the Methodist pride, stung by Governor Bigger's footish purposed slur upon Dr. Matthew Simpson, gave Indiana to the Democracy.

The Indiana census report of 1890 shows:

Each one of these denominations has higher colleges and universities in Indiana, They pay their taxes freely for the common schools and then support their denominational institutions beside. these people stand the dipping of hands of the state institutions into the state treasury, which has to be supplied by taxes aggregating nearly \$200,000 annually, of which Bloomington gets \$60,000, Lafayette \$40,000. Terre Haute \$40,000? Better call a halt. In the past the nonstate colleges have done their work nobly and well. Hands off the taxpayers' pockets and let the future show to the youth of Indiana the great advantage of institutions supported by loyal devotion to church, as well as state, that hitherto have marked the successes of Franklin, South Bend, Irvington, Richmond, Greencastle, Hanover and Craw-

CAUSED WHEAT TO GROW FIRMER AND ADVANCE AT CHICAGO.

Other Grain Was Equally Strong, and per keg. \$3.50; mule shoes, per keg. \$4.50; horse Scored Small Gains-Provisions Took a Hender.

> CHICAGO, March 17 .- The sudden warlike turn to the European political situation took hold of the wheat market to-day and advanced the price of the May option a half cent a bushel. Corn and oats were equally firm, advancing about %c each. Provisions took a down turn and closed 712@20c lower. In wheat all the usual news affecting the

market was subserved at the opening to the

decidedly ominous situation in Greece. English consols had dropped four-sixteenths. New York stocks opened lower, and wheat futures at Liverpool were 1d higher. On account of this May wheat opened at from 74%c to 74%c, as against 73%c at the close yesterday. After some nervous scalpers had covered, war began to look less imminent to the crowd. and the wheat so impulsively bought at the start was put out again. In about thirty minutes the price of May had declined to 73%c. Chicago receipts were only eight cars, against eighteen a year ago. Minneapolis and Duluth received 231 cars, compared with 30) Wednesday a week ago and 413 the corresponding day of the previous year. New York wired that there were numerous bids there from the United Kingdom for spot wheat, but at prices quite a little below starting rates. A private Liv-erpool cablegram remarked that there was good continental demand for cargoes affoat. That was probably the most substantial encouragement to buying of wheat that came in with the first batch of dispatches. Buying commenced again and once more hoisted May to 74%c, but trade was exceedingly light and a little realizing by scalpers caused it to drop again to 74c. During the last hour the market was rather nervous, but kept within a narrow range. At the close May was bringing 741sc. Corn was strong all day. There was no much speculation, but the strength in wheat and light local receipts, with the wet weather, indicating smaller arrivals, made the market firm, and shorts were good buyers. Exports were very large, amounting to 1.155,000 bushels. May opened 4c higher at 2412c, advanced to 24%c and closed at

Oats ruled firm under a very good business. The market was helped both by the wet weather and the strength of the wheat and corn markets. Many of the parties who sold yesterday bought back to-day, the corner of Market and Pennsylvania streets, In- result being a substantial advance all dianapolis, Suite 229, first office floor, The around. May opened 4c higher at 1718c and advanced to 1, 4617 sc, where it closed. In provisions the best prices of the day were made at the opening, when the small run of hogs had caused a good advance. The opportunity to realize a handsome profit was at once taken advantage of, however, the result being a rapid decline. At the close May pork was 20c lower at \$8.721/2; May lard, 71/20 lower at \$4.25, and May ribs, 121/2c lower at \$4.70. Estimated receipts for Thursday-Wheat

\$60,000 The Marion County Probate Commissioner's Opinion of the

Trust Company's Work:

From an experience of six years as pro-bate commissioner of this county, and from practical knowledge of the workings of our local trust companies, I am satisfied that, as a rule, they are preferable to individuals in the administration of estates or other trusts incident thereto. In no instance has there been any loss or impairment of trust property committed | night train. to their charge; they have discharged their duties with prudence and strict economy, and promptly complied with every requirement of the law and every order of the court. I have yet to hear of any trust administered by them, where the court, or beneficiaries of the trust estate, found any

Thinks Newspapers Inconsistent. To the Editor of the Indianapolis Journal: The following is a clipping from the editorial page of the Journal of to-day's issue "Now if those eminent exponents of physical culture at Carson City will only pound each other into such a gelatinous state that neither can talk for the next month they will confer a great public service." As the newspapers are the mouthpieces for these pugilistic thugs, the paragraph is inconsistent. If these egotistical blatherskites should happen to pound each other into such a gelatmous state that neither could talk for the next month the Journal, Certificates have been issued to the folas well as many other newspapers, would watch over them with deep solicitude and each strive to be the first to herald to the world the first word that escaped from their lips. It is the newspapers that have educated prize fighters in the belief that they are great men and that the world is interested in their opinions and hankers for every word they may condescend to express. If the newspapers will let prize fighters alone they will descend to the level 838 bris. Butter, sugar, eggs and cheese un-changed.
